

1. **Plane Name:** Phoenix Mk I

- **Nation:** United Kingdom
- **Tier:** VII
- **Class:** Fighter
- **Role:** Interceptor
- **Engine:** Rolls-Royce Avon
- **Max Speed:** 720 km/h
- **Altitude Performance:** Excellent at high altitude
- **Firepower:** 4x 20mm Hispano Mk V cannons
- **Maneuverability:** Above average
- **Durability:** Moderate
- **Special Abilities/Features:** High-speed interception capabilities.

2. **Plane Name:** Taipan

- **Nation:** Australia
- **Tier:** VI
- **Class:** Fighter-Bomber
- **Role:** Ground Attack
- **Engine:** Pratt & Whitney R-2800
- **Max Speed:** 650 km/h
- **Altitude Performance:** Good at low altitude
- **Firepower:** 2x 30mm ADEN cannons, bombs/rockets loadout
- **Maneuverability:** Average
- **Durability:** High
- **Special Abilities/Features:** Versatile ground assault capabilities.

3. **Plane Name:** Kestrel

- **Nation:** Canada

- **Tier:** V
- **Class:** Fighter
- **Role:** Multirole
- **Engine:** Pratt & Whitney Canada JT15D
- **Max Speed:** 680 km/h
- **Altitude Performance:** Balanced performance
- **Firepower:** 6x .50 caliber machine guns
- **Maneuverability:** Agile
- **Durability:** Moderate
- **Special Abilities/Features:** Exceptional adaptability for various combat scenarios.

#### 4. **Plane Name:** Chimera

- **Nation:** Greece
- **Tier:** VIII
- **Class:** Heavy Fighter
- **Role:** Long-range Escort
- **Engine:** General Electric J79
- **Max Speed:** 850 km/h
- **Altitude Performance:** Excellent at medium altitude
- **Firepower:** 4x 23mm cannons, air-to-air missiles
- **Maneuverability:** Average
- **Durability:** High
- **Special Abilities/Features:** Superior speed and defensive capabilities for escort missions.

#### 5. **Plane Name:** Raijin

- **Nation:** Japan
- **Tier:** IX
- **Class:** Fighter
- **Role:** Air Superiority

- **Engine:** Mitsubishi Kasei
- **Max Speed:** 810 km/h
- **Altitude Performance:** Superior at high altitude
- **Firepower:** 2x 30mm Type 5 cannons, 2x 20mm Type 99 cannons
- **Maneuverability:** Excellent
- **Durability:** Moderate
- **Special Abilities/Features:** Outstanding agility and high-altitude combat capabilities.

#### 6. **Plane Name:** Albatross

- **Nation:** Argentina
- **Tier:** IV
- **Class:** Heavy Fighter
- **Role:** Bomber Hunter
- **Engine:** Daimler-Benz DB 605
- **Max Speed:** 620 km/h
- **Altitude Performance:** Good at medium altitude
- **Firepower:** 4x 20mm MG 151 cannons
- **Maneuverability:** Above average
- **Durability:** High
- **Special Abilities/Features:** Specifically designed for intercepting and destroying enemy bombers.

#### 7. **Plane Name:** Condor

- **Nation:** Chile
- **Tier:** VII
- **Class:** Bomber
- **Role:** Heavy Bomber
- **Engine:** Bristol Centaurus
- **Max Speed:** 550 km/h
- **Altitude Performance:** Excellent at high altitude

- **Firepower:** Defensive armament, large bomb load
- **Maneuverability:** Low
- **Durability:** Very High
- **Special Abilities/Features:** Impressive payload capacity for devastating bombing runs.

#### 8. **Plane Name:** Mjolnir

- **Nation:** Norway
- **Tier:** VI
- **Class:** Fighter
- **Role:** Naval Fighter
- **Engine:** Rolls-Royce Griffon
- **Max Speed:** 710 km/h
- **Altitude Performance:** Good at low altitude
- **Firepower:** 4x 20mm Madsen cannons, rockets for anti-ship roles
- **Maneuverability:** Average
- **Durability:** Moderate
- **Special Abilities/Features:** Tailored for maritime operations and anti-ship duties.

#### 9. **Plane Name:** Icarus

- **Nation:** Greece
- **Tier:** V
- **Class:** Fighter
- **Role:** Reconnaissance Fighter
- **Engine:** Bristol Mercury
- **Max Speed:** 660 km/h
- **Altitude Performance:** Balanced performance
- **Firepower:** 2x 20mm Hispano Mk I cannons, equipped for reconnaissance missions
- **Maneuverability:** Good
- **Durability:** Moderate

- **Special Abilities/Features:** Enhanced reconnaissance capabilities without compromising combat efficiency.

10. **Plane Name:** Quetzalcoatl

- **Nation:** Mexico
- **Tier:** VIII
- **Class:** Heavy Fighter
- **Role:** Strike Interceptor
- **Engine:** Pratt & Whitney R-4360
- **Max Speed:** 800 km/h
- **Altitude Performance:** Excellent at high altitude
- **Firepower:** 6x .50 caliber machine guns, air-to-air rockets
- **Maneuverability:** Average
- **Durability:** High
- **Special Abilities/Features:** Designed for intercepting and eliminating high-speed enemy strike aircraft.
